### Senior Executive Search Consultant

5001 Spring Valley Road, Suite 550 East  
Dallas, TX 75244

972-201-1243

<mailto:abynoe@lucasgroup.com>

As a recruiter, Allegra Bynoe believes that success comes from building a good reputation that provides for repeat customers and referrals. Determined and persistent, she diligently works to form mutually-beneficial matches that lead to positive outcomes for her clients and candidates.

Allegra joined Lucas Group in 2018 as a Senior Executive Search Consultant in the Manufacturing practice. She specializes in sourcing top manufacturing talent for a wide array of employers throughout the Dallas area. Always honest, Allegra genuinely cares about her clients and candidates, and all parties realize her commitment to them early on in the process. She has developed a reputation for being the recruiter who finds the best match for a client or candidate and has often been introduced to other hiring managers with the saying, "This lady will find you exactly what you are looking for."

Allegra began her career in recruiting working in the oil and gas space with a focus on "downhole" engineers. For ten years, she honed and perfected her recruiting practice, developing a high level of trust and rapport with her clients and candidates. Allegra feels the most satisfaction in her career when candidates or their spouses call and thank her for getting them or their spouse out of a bad or stressful job situation. By asking good questions and through building a large professional network, Allegra became a "must know" in the recruiting scene in Dallas.

Outside the office, Allegra enjoys volunteering, playing and listening to music as well as reading and traveling—her favorite drive is to the airport. She also loves being "Aunty Allegra" to her nieces and nephew and her friends' kids.
