IT has the power to change an organization, bring it to levels of success and help it reach its goals and initiatives. With extensive industry knowledge and an insatiable desire to stay abreast of changing trends and technologies, Angelica Chadwick knows the IT space inside and out.

Angelica was brought on to Lucas Group to establish and build the IT practice in Florida. Since 2016, she has been growing and coaching the team of expert IT recruiters while also running a full desk. She and her team strategically source high level IT talent for a wide range of leading employers throughout Florida, with a focus on the Tampa Bay area.

By fully understanding what her clients and candidates need and the ins and outs of the marketplace, Angelica is able to identify the best match for both parties, yielding mutually-beneficial placements. Working with various companies ranging from mid-sized businesses to Fortune 500 corporations, Angelica understands how technology helps them run their businesses on a day-to-day basis and can recommend ideal candidates who can help them stay ahead of the competition.

Prior to Lucas Group, Angelica spent 16 years in IT recruiting. Throughout her career, she has worked with many companies ranging from retail and high tech to financial services, manufacturing and marketing and advertising firms. Most recently, she grew an IT practice in Tampa Bay by more than 400% in just one year. Angelica's impeccable industry knowledge and experience make her a "must know" in the industry and ensure she consistently makes successful, long-term placements.

A constant relationship-builder, Angelica is always looking for her next new connection. Passionate about getting young girls and women involved in STEM careers, she is heavily involved in women in IT initiatives in the Tampa Bay market. Angelica spends her free time with her husband and two children as well as cooking, entertaining and decorating their home.
