Soon

Austin Campbell realizes that making a career change is a rare and important step in one's life. As an executive recruiter, he strives to make a positive impact on the lives of his candidates as well as on his clients' businesses. Thorough and confident, Austin makes strategic recommendations that ultimately benefit all parties.

In 2019, Austin came to Lucas Group as a Senior Executive Search Consultant in the Human Resources practice. He focuses on sourcing high caliber HR talent for management- to executive-level positions including generalist, benefits, compensation, talent acquisition, learning, organization development and talent management roles throughout the Pacific Northwest and Mountain West Region.

Austin began his recruiting career in 2017, focusing on the building materials/construction industry running a full desk. While there, he billed \$200K during his first 12 months in the industry, demonstrating his tenacity and persistence. Prior to recruiting, Austin spent three years as an outside sales representative selling office technology and IT services. Wanting to capitalize on his relationship-building skills and move away from transactional sales, he made the transition to executive recruiting, where he continues to build consistent success.

Austin spends his free time hiking, fishing and spending time with his family. He also remains involved with his collegiate fraternity, Sigma Alpha Epsilon, and volunteers his time doing work for cystic fibrosis. Austin holds a B.S. in Law and Society from Frostburg State University.
