Hardworking, persistent and disciplined are three important traits of a successful executive recruiter. Biddle Medley thrives in his role in recruiting because of his ability to make strategic matches while building long-term relationships with both candidates and clients.

In 2018, Biddle joined Lucas Group as a Senior Executive Search Consultant in the Human Resources practice group. Working with high-caliber HR talent, he places them in mid-tier to Fortune 500 corporations throughout the Dallas area. Biddle enjoys helping companies find the talent they need in order to be successful while helping candidates find jobs that can help support their families and elevate their careers. Understanding the role he plays in a candidate's life is of utmost importance, and he enjoys networking, deal-making and connecting with smart people who are doing great things in the world. And clients choose to work with Biddle time and time again because they know he will deliver on the job and that they can get in touch with him anytime.

Prior to Lucas Group, Biddle worked for Inflection Point, LLC as Vice President of Executive Search for more than four years. He built the search practice from the ground up, with a focus on the semiconductor industry. Forced to learn the industry on his own, Biddle quickly honed and perfected his recruiting skills and billed in excess of \$300K. Wanting to join a more established firm, Biddle transitioned to Lucas Group in 2018 as a Senior Executive Search Consultant.
