A recruiter's experience and knowledge can assist them in consistently making long-term, successful placements for their clients and candidates. With a background in marketing and public accounting, Jeff Evers brings a unique and diverse background that helps him offer a well-rounded, strategic approach to his recruiting practice.

Jeff has always been driven to help businesses grow and flourish and has accomplished this in different ways throughout his career. While with TeleTracker, he helped the company reclaim its standing as a leader in the industry through a re-branding process including logo branding, website design, print/electronic advertising and blog writing. He also helped streamline and expand business in his public accounting work through referral marketing, business development, process improvement, and financial analysis. Motivated by the desire to help a broader base of businesses and driven professionals succeed, Jeff decided to move into the recruiting industry.

Jeff joined Lucas Group in 2013 as an Executive Search Consultant in the Accounting and Finance division where he specializes in placing financial candidates in a wide range of positions and industries throughout Arizona. His goal is to make ideal matches that ultimately help jobseekers advance in their careers while in turn enhancing companies and organizations. A natural at relationship-building, Jeff enjoys cultivating connections with diverse, dynamic individuals and continuously building and expanding his network of contacts.

Jeff holds a Bachelor of Global Business (Marketing focus) from Arizona State University and a Bachelor of Accounting from Grand Canyon University. When away from the office, Jeff spends time doing various activities with his kids as well as enjoying the beautiful outdoors of Arizona rock climbing and target shooting.
