

Media Availability for **David Armendariz** General Manager, Information Technology Division

[David Armendariz](#) is your go-to source on Information Technology hiring and general recruiting trends. As General Manager of the Information Technology Division, David oversees the strategic direction and continued growth of Lucas Group's IT division, combining his deep market expertise with discerning insight for the global stage on which his clients compete.

David came to Lucas Group in 2004 as a staff recruiter and rose quickly to become GM. Over the last 15 years, he has perfected the art of recruiting in a rapidly evolving industry and would be happy to share his insights with you.

He is a frequent writer and media commentator on IT hiring and recruiting issues. Among his recent articles and interviews:

- [8 Ways You Can Shine on Your Job Search in the New Year](#) (Career Shift)
- [How to Develop Technical Leaders in Oil & Gas](#) (white paper)
- [Top 9 Computer Languages To Know For 2020](#) (TechRepublic)
- [8 Experts On Elevator Pitches for Tech Professionals](#) (FreePress)

“ Not all DevOps journeys are the same and so don't require the same skills. So working with the team [that] already exists, HR, and business leaders is a critical step in defining the job description. ”

– *David Armendariz* quoted by *TechBeacon*
