

Media Availability for **Charlie Wilgus** General Manager, Supply Chain & Operations Division

[Charlie Wilgus](#) is your go-to source on recruiting and hiring in the supply chain and operations sector. As Founder and General Manager of Lucas Group's Supply Chain & Operations Executive Search Division, Charlie successfully leads and champions a talented team of more than 50 recruiters across the country while continuing to recruit and consult with clients to strategically enhance their executive management teams.

Focused on upper-management through senior executive placement in Supply Chain, Logistics and Engineering across all industry lines, Charlie has earned the coveted role of trusted consultant for each of his clients with a particular focus within the consumer goods and food manufacturing arena. His Supply Chain & Operations Division serves a range of clients, from small private companies and start-ups to Fortune 100 companies nationwide and overseas.

He is a frequent writer and media commentator on hiring and recruiting in the supply chain and operations sector. Among his recent articles and interviews:

- [5 Ways Manufacturing is Tackling the Labor Shortage](#) (Epicor)
- [Successful Leaders Share Tips For Keeping Their Team Optimistic](#) (Employee Channel)
- [How Freight Forwarders Help Solve Business Problems, Not Just Logistical Ones](#) (Industry Dive)
- [The Multi-Talented Manufacturing and Value Stream Leader](#) (video)
- [Manufacturing Value Streams & Supply Chains](#) (white paper)

“ Ultimately, manufacturing may not end up being an outlier of the gig economy, but instead charge forward to define its own unique path tied to this new world, one that leads to great efficiency while meeting their employment and production needs. ”
